I-5/Marine Drive Interchange Stakeholder Committee at Work

26 Sept 08--As the Columbia River Crossing moves forward, one of the most contentious issues has been growing around the Marine Dr. interchange. A new stakeholder committee has been formed to blend the needs of freight transportation, neighborhood connections, private property owners and development around the Expo's MAX station. The initial meeting occurred September 24th. A decision should come in November.

CCA is a member of the stakeholder committee. For more information, call Corky Collier at 503.287.8686 or go to www.columbiarivercrossing.org.
